

Ti Training Corp Places Training Lab™ Simulator at TASER International's Training Academy in Scottsdale, Arizona

Training Lab System will assist in training Certified TASER® Instructors and exploring new simulation training technologies for TASER International

Golden, Colorado, June 22, 2009 - Ti Training Corp, a supplier of interactive training products and services to the law enforcement and public safety markets today announced the installation of the Training Lab™ system at the TASER® Training Academy in Scottsdale Arizona. The system will supplement and enhance the training programs presented at TASER International. Operational training on the system will begin immediately following installation of the system.

“We are thrilled to be a part of the TASER Training Academy,” stated Todd Brown, Vice President of Ti Training. “Since our start up, we have worked with TASER International and are pleased to have been chosen by the TASER training staff to provide them our interactive training simulator.”

Ti Training and TASER have collaborated on a number of video training products currently in the Ti Training Library. “The people at Ti Training truly understand the training techniques and objective of the TASER training programs,” stated Rick Guilbault, Vice President of Training and Education for TASER International. “The Training Lab will be a valuable tool in the teaching and training programs presented at TASER International.”
