

Wisconsin Technical Colleges Choose Ti Training for their Law Enforcement Academies

Training Lab System to provide interactive training experience to Law enforcement studies programs across the state

August 12, 2009 – Golden, CO - Ti Training Corp, a supplier of interactive training products and services to the law enforcement and public safety markets today announced the purchase of the Training Lab system by the Madison Area Technical College and the Nicolet Area Technical college with Northcentral Technical college expected to purchase in October 2009. All three are sister Colleges in northern Wisconsin with highly respected law enforcement training academies.

“We saw a similar situation in Colorado” stated Greg Otte, President of Ti Training. “Once one of the colleges realizes the training value and flexibility provided by the Training Lab, they share their find with related colleges throughout the state. We are proud to be leading the campaign to equip technical colleges nationwide with this form of law enforcement training.”

Madison Area Technical College will take delivery of their system in a couple of days with Nicolet scheduled for early September. Training will be conducted on campus for each of the colleges. Madison also added the Training Room student response system to their product assortment to add interactivity to the classroom environment.
